XV. Disability Support Services

WSC affirms and recognizes its commitment to nondiscrimination on the basis of disability and its intention to comply with all laws prohibiting such discrimination including Section 504 of the Rehabilitation Act of 1973, and Title II of the Americans with Disabilities Act of 1990.

Williston State College provides academic support services to eligible students with disabilities, promotes student development, and serves as a resource for disability awareness and accommodations.

Williston State College defines a disability as a professionally verified condition which substantially limits a major life activity (Section 504, ADA). This includes, but may not be limited to cognitive disabilities, motor disabilities, psychiatric disabilities, speech impairments, hearing impairments, and visual impairments.

To obtain disability services, a student must identify himself/herself to the Office of Disability Support Services (Stevens Hall, Room 104), and provide current professional documentation of his/her specific disability. The Disability Support Services Coordinator determines the appropriate accommodations for each individual student and issues a notice to them with the specified accommodations. The student, who is eligible for disability accommodations, has the responsibility to meet with his/her instructors and provide them with the notice. Students utilizing support services must observe the same college policies and academic regulations required of all students.
