

WSC Program Outcome Guide (POG) for Transportation Technician Technology Program

Prerequisites	Courses	Capstone Assessment Tasks	Intended Outcomes
None	DTEC 105 DTEC 106 DTEC 107 DTEC 126 DTEC 127 DTEC 136 DTEC 137 DTEC 216 DTEC 217 DTEC 220 DTEC 266 DTEC 267	<ol style="list-style-type: none"> 1. Demonstrate communication and reasoning skills needed to succeed in this industry field. 2. Apply the knowledge of safety procedures and handling of hazardous material processes to their training and future employment. 	<ol style="list-style-type: none"> 1. Make vehicle troubleshooting decisions and complete repairs using the proper tools and equipment based on concepts and processes learned in the Transportation program. 2. Be prepared to take NATEF Certification tests. 3. Apply the knowledge acquired for future employment. 4. Become employable in their chosen field.

What must the student be able to do before engaging in this work?	What learning experiences (courses) are necessary to prepare the student?	What can we have students do in this program to show final evidence of the intended outcomes?	What do students need to be able to DO “out there” for which this program will prepare them?
