All international students are required to have health insurance in place. International students, not including Canadians, are automatically enrolled by semester in the student insurance plan by their institution. The premium cost is billed to the international student's Campus Connection account. The first half of the student health insurance payments will be collected prior to the student arriving in the U.S. and the remaining balance collected in full no later than the end of the sixth week of a regular fall or spring term or equivalent date for a summer term or classes outside a regular term.

For more information on student health insurance, please visit the [Health and Safety](#) page.

Please read and initial next to each statement below.

If an amount of 1042 tax applies to you, a charge will be placed on your Campus Connection Student Account and a detailed email will be sent out, as well.
